Website Accessibility Statement pursuant to Legislative Decree 82/2022

(implementation of EU Directive 2019/882)

REM device Srl - Via A. Munari, 72 - Nove (VI) VAT No. 01907770034 is committed to making its website accessible, in accordance with Law No. 4 of 9th January 2004 and pursuant to Legislative Decree 82/2022 and Directive (EU) 2019/882 (European Accessibility Act), this statement is intended to clarify the compliance status of the website https://www.remdevice.com/

Compliance status

Partially compliant This website is partially compliant with the requirements set out in Appendix A of the UNI CEI EN 301549 standard due to the cases of non-compliance listed below.

Not accessible content

The content listed below is not accessible for the following reasons in compliance with Law No. 4 of 9th January 2004:

C.9.1.1.1 Provide text alternatives for all non-text content.

C.9.1.2.1 Provide alternatives for audio-only or video-only pre-recorded content.

C.9.1.2.2 Provide subtitles for all pre-recorded audio content in synchronised media.

C.9.1.2.3 Provide audio description or alternative media for pre-recorded video content.

C.9.1.2.5 Provide audio description for all pre-recorded video content in synchronised media.

C.9.1.3.1 Information, structure, and relationships must be programmatically determinable.

C.9.1.4.2 If audio starts automatically and lasts longer than 3 seconds, there must be a mechanism to pause or stop it.

C.9.1.4.3 The minimum contrast between text and background must be 4.5:1 (or 3:1 for large text).

C.9.2.1.1 All functionality must be usable via keyboard.

C.9.2.4.1 There must be a mechanism to skip blocks of content that are repeated on multiple web pages.

C.9.2.4.2 Each web page must have a title that describes its purpose or subject matter.

C.9.2.4.3 The order of navigation via focus must be meaningful and coherent.

C.9.2.4.4 The purpose of each link must be determinable from the text of the link or from its context.

C.9.2.4.6 Headers and labels must describe the subject matter or the purpose of their content.

C.9.2.4.7 The visible focus indicator must be present and clearly visible.

C.9.2.4.9 The purpose of each link must be identifiable from the link text alone.

C.9.3.1.1 The default language of each web page must be programmatically determinable.

C.9.3.1.2 The language of each passage or phrase in a different language than the default language must be programmatically determinable.

C.9.3.3.1 If an input error is detected, the element in error must be identified and the error described in text.

C.9.3.3.2 Labels or instructions must be provided when content requires user input.

C.9.4.1.2 For all user interface components (including form elements, links, and script-generated components), the name and role must be programmatically determinable.

Drafting of the accessibility statement

This declaration was drafted on the 23rd of September 2025.

The assessment was carried out by third parties through objective and subjective analyses (see Article 3 (1) of Commission Implementing Decision EU 2018/1523).
